

**The Society for Total Education CIC**  
<https://www.societyfortotaleducation.org>

***If you care about 'education' in its widest sense,  
join The Society for Total Education!***

### **Why join the Society for Total Education (STE)?**

The STE is an independent, non-profit making membership association, free from political and sectarian affiliations. It is run on a voluntary basis by a small Board of Directors.

The STE provides a forum for the discussion of a wide range of educational matters. It organises and contributes to public events to debate topical issues. Our goals are to

- create and extend knowledge about life skills
- achieve parity of esteem between academic and life skills in education
- make the development of life skills an explicit goal of public policy

Membership of STE is open to anyone who wants to support the goals set out above. It is not a platform for pressure groups, and the Trustees reserve the right to decline or withdraw membership from any individual or group that treats it as such.

### **Becoming a member of STE offers benefits that will include:**

- Access to an online Forum on current topics
- Events that provide an opportunity to meet other like-minded people
- The opportunity to feed into policy discussions at local and national level
- The chance to take part in running the future affairs of the Society

### **Join STE!**

Membership of the Society for Total Education means that you have the right to vote at all general meetings of STE, in accordance with company law.

The information you provide in this form will only be used to contact you regarding your STE membership and to make you aware of STE events. Your data will be stored and used in accordance with STE's Data Privacy Policy.
